

LGMA Queensland Villages

Membership Application

MEMBERSHIP

LGMA Queensland is pleased to present the **Villages**. As a current member of LGMA Queensland, you are entitled to FREE access, with each Village being specific to special interest groups within Local Government. We encourage you to become a member of the Village that best suits your current position with membership to the Women in Local Government Village available as a second option to all members.

The Villages provide a valuable forum for professionals to share information and knowledge, provide professional development opportunities, establish best practice standards across the sector and identify opportunities for expert input. To further facilitate information sharing and networking opportunities, each Village will also conduct a number of events throughout the year.
