

Australasian Management Challenge

What is the Australasian Management Challenge?

The Australasian Management Challenge (AMC) is an innovative development opportunity that is a convergence of ideas, energy, academic rigour and practical application – the elements which develop great leadership.

This programme is the premier forum for current and emerging local government leaders. It is a sophisticated development programme designed to deliver personal, team and organisational professional development.

The challenge has been running across Australia and New Zealand for more than 20 years. It is good fun, great value and a hands-on approach to leadership development that translates into relevant, tangible and enduring benefits for people, teams and organisations.

Everyone who participates in the Challenge – from experienced managers to emerging leaders, comes away with new and practical insights into excellence in leadership and management.

ASSIST WITH GROWTH

“The extensive development opportunity and practical exercises in management work. I especially liked that it was conducted in person and not as another online exercise as many development courses are.”

STILL NOT CONVINCED?

“I liked being stretched in terms of skills I didn't have or needed to improve. I also have a much better understanding of the many areas of Council and what work they do (as a very large organisation).”

“I enjoyed getting to know my strengths and weaknesses and working as a team.”

HEAR WHAT SOME OF OUR PAST PARTICIPANTS ENJOYED MOST ABOUT THEIR AMC EXPERIENCE

“I enjoyed coming together as a team and getting different point of views that we would not get normally.”

INCREASE PRIDE, SENSE OF ACHIEVEMENT & PRESTIGE

BUILD CONFIDENCE

DEVELOP AND STRENGTHEN RELATIONSHIPS

“I liked building and developing our team, the guidance that the mentors provided, without giving anything away. The pre challenge task was challenging given we were in a disaster response but hopefully set us up for success on challenge day. The challenge day was our opportunity to pull together all of the learnings from along the way and I believe we went well. Of course there are always improvements to be made but we seemed to know enough about each other to allocate tasks to the most appropriately skilled people.”

“The camaraderie within our team. Post challenge, we now bounce ideas off each other for our 'real life' work. I'm so proud of how our team performed pre-challenge and on the day.”
