

Navigating LG Elections Webinar

The 2024 local government election is almost upon us along with the challenges that a change of leadership entails (however small the change might turn out to be).

In this webinar, a highly experienced panel of past local government CEOs will help you navigate this tricky period – sharing their advice from years and years and years of collective experience with elections across the State.

Chris Rose
Gary Kellar
Rod Ferguson

Through the panel discussion, review any last-minute tasks that would be of benefit in the lead-up to the election, obtain a short checklist to ensure your council is well prepared and explore how to navigate the aftermath of an election – whatever the result brings. Use the Q&A with the panelists to seek advice on issues of concern to you and your community and share tips and tools with all attendees.

A must attend for anyone involved in pre- or post-election processes, new to Queensland local government elections or just interested in gaining a better understanding of the impacts of elections on council business.
