

# SHIFTING MINDSETS TO SHAPE FUTURES WEBINAR

PRESENTED BY THE YUNUS CENTRE  
(GRIFFITH BUSINESS SCHOOL)

This webinar will explore how organisations are reinventing themselves to meet the demands of a fast-changing world and the interests of their stakeholders.

The key provocation will centre on the possibilities for local government and their potential to shape the future.

The Yunus Team will co-present a combination of big picture scene-setting and innovative case studies/stories that are relevant to local government and which offer the potential to foster better outcomes for people, places, and the planet.

These include:

- Three forces that are shaping the world around us (and the contexts we act within)
- Shifting mindsets and practice in local government exploring:
  - The potential of civic innovation
  - The potential of supply chains
  - The potential of quality jobs
